BALHAM AND TOOTING SUSTAINABILITY MAP

Reduce, Refill, Reuse, Repair,
Recycle and Relief

We are all looking to reduce, refill, reuse, repair and recycle - here is a local map to help you on your way. This is one small step on the journey to cleaner and greener living. Don't forget that 'refuse' should always be your first response! Know how to say no to whatever is non-essential.

Please email BTsusMap@gmail.com with suggestions/comments as we aim to update the map regularly.

Neighbourhood Network History Group

Reuse

Charity Shops take donations of clothes and household items, and some collect.
